36th Annual Report 2019-2020

Annual General Meeting (November 18th, 2020)

President's Report

The year 2019-2020 has certainly thrown up some challenges for the Rotary Club of Adelaide Parks! Things were going along great, highlighted by our excellent 35th Birthday party on the 25th of September which was well attended and a great, fun night until we hit February. Then we first started hearing about the pandemic that was to sweep the world.

This certainly threw us some curve balls. The first thing to be cancelled was our Chinese New Year celebrations we did not realise our major fundraiser, the Bunnings BBQs would follow, that our meeting at the NMAFC on the 11th of March would be our last there for 3 months, and none of us had ever heard of ZOOM.

As it turned out I was amazed at our members resilience, we quickly set up the "Buddy" phone call system that worked wonderfully and provided great support. We missed only one Wednesday meeting and with the help of the District we quickly arranged to meet via Zoom, special thanks to Lulu and Kathy who made this happen. While Zoom did not suit all of our members, some of whom still managed to catch up weekly, and was not as good as physical meetings, it was an important tool to help us keep in touch and provide some normality in the strange times. We even managed to induct Julie Perkins and have a joint meeting with the Rotary Club of Sidcup in London, UK amongst other things.

Luckily, our State's response to the outbreak has been successful, so far, and we were able to resume, restricted, physical meetings at the NMAFC on the 3rd of June. However, due to number limits we decided not to hold our changeover celebration this year. I am very proud of our club and the members for the way we have navigated through this uncertain time and emerged stronger than ever. Other clubs had no contact for months with each other and some clubs, even now, are not meeting the same as they did in February. Thanks everyone.

The club's actions and outcomes are found in the pages that follow, all achieved by a group of people that come together with a common sense of purpose to improve the lives of people in our community and in communities elsewhere in the world. There is no doubt that we enjoy our Rotary service and collectively we do so with energy and enthusiasm, and we have some fun along the way.

The club started 2019-2020 with the development of a plan of action around Rotary International's six goals and we added a further goal about strengthening our Rotary Club. We have been busy even in this year of Covid 19! Our 2019-2020 story is below. It is reported in a manner that focuses on our club's achievements and, as such, does not highlight contributions from individuals. However, I do wish to acknowledge and thank two of the most significant Rotarians for their thoughtful, energetic and committed activities throughout the year.

Immediate past President Jim has been a great support for me. His guidance and knowledge has helped me greatly. His preparation of applications and organization of the District Grants has been a major reason that we have been able to do so many good things.

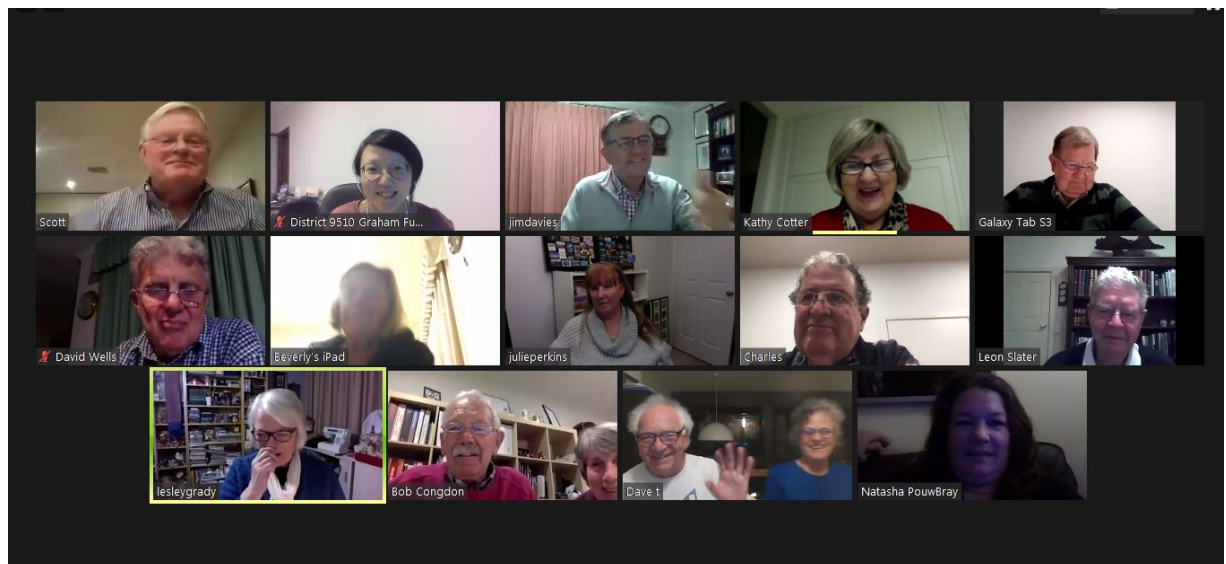

As mentioned earlier I do not believe we would have been so successful getting through the period of no physical meetings with out the input of Kathy. On top of everything else she does her work to make sure the Zoom meetings happened, were interesting and well run was instrumental in making it the success it was.

We have added one new member, Julie Perkins, who brings exceptional skills to add to our own skill base.

I wish to express my appreciation to all members for their contributions throughout the year. I am certainly pleased with what has been achieved. In summary, we set a direction through collaboration and planning, we aligned with Rotary's goals for the year and we were committed to achieving what we set out to do. I hope all of RCAP share a sense of satisfaction.
